Volunteers needed for rewarding experiences in a therapeutic setting

Chesapeake Therapeutic Riding is conducting a Volunteer Orientation on the following Saturdays from 2:30 p.m. sharp to 5:00 p.m. at their location at Tuckaway Farm in Havre de Grace.

August 29
September 26
October 24
November 21

Volunteers are needed for various duties such as horse leading, side walking, horse care, facility maintenance and administrative opportunities. With the move to Tuckaway Farm, Chesapeake Therapeutic Riding will be able to reduce its waiting list of riders, introduce innovative healing opportunities and provide rewarding volunteer opportunities by operating on a full-time schedule.

Volunteer forms can be found at www.chesapeaketherapeuticriding.org on the Volunteer page. Originals MUST be submitted prior to attending the Volunteer Orientation. RSVP to info@chesapeaketherapeuticriding.org.

Chesapeake Therapeutic Riding, founded in 2005, is a non-profit organization and member center of the North American Riding for the Handicapped Association, located in Harford County, providing horse-related activities and riding lessons to people with special needs.
